CITY OUT OF WATER AND ICE

MOST SERIOUS CONDITION CITY HAS EVER KNOWN CONFRONTS IT TODAY WITH NO WATER FOR FIRE PROTECTION

Maysville has today been face to face with the most serious situation the city has known in years in that there is no city water available and no ice being distributed to the public. Shortly after the supper hour yesterday when the one pump which was working at the pumping station broke down, the reservoir ran dry and the city was out of water either for fire protection or for use in the homes. The situation was so serious last night that Mayor Russell called a special meeting of City Council after ten o'clock and placed the situation directly before them. The Mayor recommended the taking over by the city of the Water Works but no action was taken on this matter. A committee of one councilman from each ward, however, was chosen to wait on the Water Company and offer the city's assistance which was politely refused, the employee saying that they were doing all that could be done to put water in the reservoirs.

Late last night the large pump was again started but it gave way and for several hours this morning no water was pumped. At three o'clock Saturday afternoon the bank pump was working and the reservoir had been cut in half so as to fill one side and give pressure at the earliest possible moment but it will likely take many hours before there will be water in the mains. In the meantime people are using cisterns and wells. The Ohio Valley Pulley Works has offered water from their large well, which has been tested and found pure, to all who will call at the plant for the water. Mr. R. A. Carr, of the Magnolia Flour Mills has done likewise and there should be no suffering for a lack of water.

Because of the failure of the water supply, however, the Ice Factory has been compelled to suspend operations and no ice was delivered Saturday in the city. This will cause much suffering among the babies of the city, no doubt, but the Health League is endeavoring to relieve this situation by offering to keep all babies' milk on ice at their office in Court street free of charge, having been allotted a small quantity of ice for this purpose by the Maysville Ice Company.

GROWERS WAREHOUSE WILL ENLARGE HOUSE DURING THE FALL

The situation is most serious when it is thought that the city has no protection from fire except the chemical engines on the fire fighting machines which would be of practically no use in a big fire. Persons should guard very carefully against fire at all times.

Saturday afternoon Mayor T. M. Russell and Chairman Allan Dodson, of the Ways and Means Committee of Council, called on the Bates-Rogers Construction Company asking their assistance. It was thought that pump boats might be procured from them to force water into the reservoirs but they had no such boats which could be used. They offered their engineers, however, and these experts will visit the Water Works this afternoon.

The old and worn-out machinery at the Water pumping station is breaking almost as quickly as repairs are made and it does not seem likely that the city will have water in the pipes in many hours even though there are no serious accidents.

The cutting off of the ice supply has practically put the drink and ice cream parlors out of business and the cutting off of the water and ice supply has greatly affected many local plants.

If water is not in the pipes tomorrow morning, Mr. S. P. Browning, says the Ohio Valley Pulley Works will operate their pump all day for the benefit of the public.

The situation is being closely studied by city officials and some understanding in regard to the future will likely be had when officials of the company meet here Sunday. Every one is doing everything possible to relieve the immediate situation and it is hoped that it will be relieved some time Sunday.

The concert given by the Maysville Boys' Band at their band stand in Market street Friday evening was immensely enjoyed. There was a large crowd gathered on the street about the fountain and the youngsters displayed much improvement in their past two weeks' practice.

HALL LOSES CHAMPIONSHIP BUT WINS CUP

The Kentucky State Shooting tournament at the Latonia Gun Club closed yesterday. Woolfolk Henderson, Lexington, Ky., won the state championship in a score of 298 out of 300. W. H. Hall, Maysville, was runner-up with 290.

Henderson duplicated his score of the first day, missing one target in the regular events. J. R. Taylor, Newark, Ohio, was high professional with 149. In the handicap event, J. E. Cain, Dayton, Ohio, 20 yards, and A. B. Harris, Louisville, Ky., 18 yards, tied in 50 straight.

The race for the Kentucky State Challenge Cup resulted in a tie between Henderson and Hall on 99. In the shoot-off Hall won with 20 to 19 out of 20 targets. The classification trophies were won by W. Henderson in Class A, on 298; Class B, W. F. Booker, Jr., 283; Class C, J. N. Shropshire, 273, out of the 300 targets of the regular events. Weather conditions were rather poor, rain stopping the shooting for a short while in the afternoon.

OFF ON ANNUAL FISHING TRIP TO NORTH

Messrs. J. B. Durrett, William Trouts, Jr., William Mitchell and Arthur Munzing left this afternoon for Leland, Mich., where they will spend their two weeks' vacation catching big fish. These gentlemen take this trip most every year and have always been very successful.

KING WILL CARRY THIS COUNTY SOLIDLY

It don't look like there is anybody else running for State Superintendent of Public Instruction on the Democratic ticket in Mason county except W. P. King. Around every voting place nothing can be heard about this race but King. This old Mason county man will carry the county solidly.

CHLORINATE OLD CISTERN WATER

Any one contemplating the use of a cistern which has been out of service for any considerable time may render the water safe against disease germs by adding chloride of lime. The amount to be used is approximately one-half an ounce of chloride of lime to every 1,000 gallons of water to be treated. This lime should be dissolved in a bucket of water and poured into the cistern. Stir up the cistern water.

POLICE FORCE OUT OF TOWN

The Dover News says: During the absence of our police force the badge was worn by Morgan Thomas. As nothing exciting occurred he had no opportunity of demonstrating his ability as a cop.

LEWIS COUNTY MAN SHOT BY NEIGHBOR LATE FRIDAY

Mr. Obe Rigdon Shot in the Head by Albert Britts Near the Latter's Home in Lewis County Following a Quarrel.

Obe Rigdon, well known farmer of the Bowman Springs neighborhood in Lewis county, was shot and painfully although not fatally injured late Friday evening during a quarrel on Rigdon's farm by Albert Britts, a neighbor.

The men were in an argument over farm affairs when Mr. Britts secured a shot gun and fired at Rigdon. The charge took effect in the head but the shots scattered so that the wounds are not considered very serious by the physician who dressed the wound Friday night. The gun used was evidently a bird gun as it scattered and although Britts was close to Rigdon when the shot was fired the shots did not strike his head fairly but some fifty or sixty shot lodged in his forehead and the top of his head.

Rigdon, who is quite well known in Maysville and is a prominent farmer, was reported getting along nicely Saturday morning.

PASTOR'S LAST SERVICE

Dr. B. B. Bailey, pastor of the First Baptist Church, who has resigned to become a member of the Home Mission Board's Evangelistic force, will preach his last sermons at the local church Sunday morning and evening. At the evening hour all churches in the city will dismiss and unite with the Baptist church in their evening services.

CONGRESS TO TAKE UP WAGE PROBE; RECESS POSTPONED

Five Weeks Recess Called Off While Congress Will Go Into Food and Wages Over Nation.

Washington, August 2.—Congress has been hauled up short by unrest throughout the country over the high cost of living.

The House's five weeks of recess has been called off, and the League of Nations fight in the Senate may be affected before long. Senators said today.

Leaders of both houses were concerned today with devising some plan whereby the insistent demand from the whole country for an adjustment of wages to the cost of living may be worked out.

"We must have assurances to the workers," said Senator A. B. Cummins today, "that an equitable relation will be established between the cost of living and wages. Unless we do, the country is going to smash."

"I believe the time has come when the government must fix wages of railroad workers, whether it retains control of the lines or not. But the government should have the power to raise wages to meet the living cost, or bring the living cost down to the wage level."

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

SHANTUNG AND INTERNATIONAL MORALS

The British in China do not present a moral issue. The French in Indo-China don't present one. The Russians did not. The Germans did not. But the Japanese do. Just why?

The other occupations of China, by Europeans, were purely imperialistic schemes. They not only encroached on China with spheres of influence, with ports occupied, with areas under military control, but they brought new frontiers up to Japan. Japan had to fight two wars on those new frontiers.

China, an inert, peaceable, helpless nation, never was able to keep a land grabber from taking what the land grabber wanted. When China yielded, Japan had trouble. China the pacifist made war for Japan the fighter.

It is not a pleasing thing to international morals to give Chantung to Japan. The peace conference was nothing articulate if it were not moral, but its hands were not to know what its lips were saying and its eyes were not see what its hands were doing.

Shantung was at least a moral explosion. It blew down the front of the temple, and now everybody can see that behind the front there was a very busy market. The morals were the morals of a horse trade. If the muezzin were loud and constant in his calls to prayer it probably was to drown the sound of the dickering in the market.

There is no longer my obligation upon this nation to accept the covenant of the league of nations as a moral document. It is not. It is a shrewdly written piece of realism and the only altruistic nation which will sign it will be the United States. The others, true to their national instincts and traditions, have taken care of themselves.

The United States senate should see that the United States takes care of itself, not in grabbing something, but in not giving away what it needs. The highest morality will be one which conserves American rights, traditions, principles, and necessities.—Chicago Tribune.

PLEASURE IN THE AIR

If the project of the Aerial League is carried out, the United States will soon see the use of the aeroplane as a pleasure vehicle, and for those who can afford the experience, an aeroplane trip will be one of the recreations open to consideration when planning a vacation, says the Christian Science Monitor.

The league, apparently taking its model from the Glidden automobile tours, proposes to offer the vacationist a choice of aeroplane tours ranging from one day's flying to fourteen or fifteen; the machines are to be acquired from the surplus stock which the United States government now has on sale, and there are in the country many thousands former army and navy fliers to provide the drivers for this aerial pleasure coaching. Whether or not these "pioneer aerial tours" would find pioneer aerial tourists enough to make the project pay its necessarily heavy expenses and show a reasonable profit is another question. Considered practically, comparatively few persons will yet get aboard an aeroplane with as little hesitation as they will climb into a motor car.

"THE HAND OF ESAU"

Who wrote Senator Swanson's speech for him? It was quite freely commented on by the audience in the gallery that the Senator from Virginia was woefully unfamiliar with the manuscript from which he read in opening the defense of the league of nations covenant. Several times he stuttered or ran over lines, and he was compelled to hold the copy very close in order to read its contents. At the conclusion of his address he was questioned acutely by Senator Kellogg, of Minnesota, and Mr. Swanson gave evidence of great embarrassment and forgetfulness of the statements he had read from the printed speech. If it is to be the practice of the proponents of the league to read speeches prepared for them by persons outside the United States Senate it will become painfully certain that such Senators all to represent their own constituencies or their own opinions. They become mere phonographs with motive power furnished from the White House.

THE HIGH PRICES WILL CONTINUE, SAYS BOARD

Federal Reserve Board's Monthly Review Says High Prices Will Continue.

Washington, August 1.—No relief from present high prices is forecast in the Federal Reserve board's monthly review of business conditions issued today, which notes that July saw increases in many lines. "In general," the review says, "there is a disposition to accept present price levels and to expect a continuation of the prevailing level for some time to come."

In many districts high prices have not served to check demand, but the possibility of obtaining goods was found to be of greater moment to the buyer than the price fixed. On the other hand, the board said, the "very great" price increases which have taken place in certain lines have made buyers more cautious, care being taken not to increase unduly stocks acquired at the present price level, for fear a decline might occur.

WIRES WENT BACK TO OWNERS THURSDAY NIGHT

Government Control of Telegraph and Telephone Lines Ceased at Midnight Thursday.

Washington, August 1.—At midnight last night government control of telegraph and telephone systems ended and the properties were turned over to their private owners. An order to this effect was issued yesterday by Postmaster General Burleson in accordance with the resolution adopted by Congress and recently signed by President Wilson.

Possibility of a rate war between the telegraph companies with the return of the properties is seen in the recent statement of Clarence H. Mackay, president of the Postal Company, that his company could reduce rates 20 per cent. and still earn sufficient revenue. To meet increased wages of employees, telephone rates were increased about 20 per cent. last March.

UNITED STATES CIVIL SERVICE EXAMINATION

(First Grade, or Clerical (Male and Female) August 16, 1919.)

The United States Civil Service Commission announces an open competitive examination on the above date and at the places named on the reverse side of this street primarily to provide eligibles from which to make certification to fill vacancies in the position of Clerk, First Grade, and other similar positions, for both men and women, in the various branches of the War Department at Camp Sherman, Ohio; Erie Proving Ground, Ohio; Columbus Barracks, Ohio; Wilbur Wright Air Service Depot, Fairfield, Ohio; Air Service, McCook Field, Dayton, Ohio; Ordnance Storage Depot No. 1, Toledo, Ohio; Camp Taylor, Ky.; Aviation Repair Depot, Speedway, Ind., and Ft. Benjamin Harrison, Ind. Vacancies in the Field Service in the Sixth United States Civil Service District (Ohio, Indiana and Kentucky) in other departments will also be filled from this examination, as they occur, unless it is found in the interest of the service to fill any vacancy by reinstatement, transfer, or promotion. Preference in certification is given local eligibles.

The usual entrance salary for positions filled from this examination ranges from \$900 to \$1,200 a year. Occasionally vacancies may be filled at higher salaries.

Applicants who have had at least one year's satisfactory clerical experience either in commercial or private business or in the Military Service of the United States will be placed on separate register from which certification will be made in order of relative standing upon request of appointing officers.

Competitors will be examined in the following subjects, which will be the relative weights indicated:

- | | |
|---|---------|
| Subjects | Weights |
| 1. Spelling (20 words of more than average difficulty) | 10 |
| 2. Arithmetic (fundamental rules, common and decimal fractions, weights and measures, percentage, interest, discount, commission, cuthouse business, stocks and bonds, partnership, and analysis) | 30 |
| 3. Penmanship (the eligibility, rapidity, neatness, and general appearance of the competitor's handwriting in the subject of letter writing) | 15 |
| 4. Letter writing (a letter of not less than 150 words on some subject of general interest. The competitor may select either of two subjects given) | 30 |
| 5. Copying and correcting manuscript (test in making a smooth, corrected copy of a draft of manuscript which includes erasures, misspelled words, errors in syntax, etc.) | 15 |
| Total | 100 |

Five hours will be allowed for this examination.

Any of the following named physical defects sufficient to exclude a person from examination: Insanity; tuberculosis; paralysis; epilepsy; seriously defective sight of both eyes which can not be corrected by glasses; loss of both arms or both legs; loss of arm and leg; badly crippled or deformed hands, arms, feet, or legs; uncompensated valvular disease of the heart; locomotive ataxia; cancer; Bright's disease; diabetes.

Age, 18 years or over on the date of the examination. In making certification the age limits prescribed by certain departments will be observed.

Applicants must submit to the examiner on the day of the examination their photographs, taken within two years, securely pasted in the space provided on the admission cards sent them after their applications are filed. Tintypes, group photographs, or proofs will not be accepted.

This examination is open to all citizens of the United States who meet the requirements.

For application blank (Form 1371) address the Secretary of the United States Civil Service Board at the Customhouse or Post Office at any of the places of examination or the District Secretary at the address below.

Applications must be properly executed, excluding the medical certificate, and filed with the District Secretary in time for him to arrange for the examination.

ICE RAN SHORT

Local ice dealer Leslie Thompson ran out Monday and the Maysville Ice Company plant broke down about the same time, and it wasn't long until butter was liquid and complaints were many. Mr. Thompson was hustling about trying to get a car of ice from other cities but to date had failed. The Maysville company expected to have their plant repaired and in operation by the middle of the week.—Vanceburg Sun.

SECURITY LEAGUE A IN NATION-WIDE EDUCATIONAL WAR

Institutes "Americanization Advisory Service" to Stimulate and Assist Local Effort to Combat Radical Doctrines.

New York.—An "Americanization Advisory Service," instituted by the National Security League to supply information and suggestions to teachers, women's clubs, civic societies, etc., for use in combating un-American radical doctrine, has been extended into every state in the Union, according to an announcement by the Security League today.

This particular effort of the Security League against Bolsheviks, Anarchists, and International Socialists is under the direction of Miss Etta V. Leighton, a well-known Americanization worker, who is at present serving as Civic Secretary of the National Security League. Miss Leighton only recently returned to this city from Milwaukee where she advised the Milwaukee Branch of the Council of Jewish Women in the organization of an Americanization campaign to be conducted by the women of the Council in that city. She is spending her vacation in conducting an advanced course in Americanization methods at the Rhode Island State Normal School at Providence.

Through its "Americanization Advisory Service," the Security League is in touch with teachers and their problems in all parts of the country. The "Advisory Service" consists of conferences, advice by correspondence supplying speakers and the preparation and circulation of suggestive material, particularly designed to answer the insidious arguments of the radicals and to instruct foreigners in the duties and responsibilities of American citizenship.

The "Advisory Service" reaches every state in the Union. The various central organizations of women's clubs publish the Security League's material in their club magazines. The Ohio State Federation uses the suggestions in its club column in 65 newspapers. Other club press committees promote the spread of the propaganda in their club news columns. The Civic Chairman of the General Federation of Women's Clubs has adopted and sent to all State Chairmen the Security League's "Outline on the Ideals of America," for use in forum discussions.

A complete "Americanization Week" program was prepared at the request of a Michigan District Federation. A complete year's Americanization program was prepared at the request of another club in Michigan. An Americanization conference was held in East Orange, N. J., and suggestions for such conference forwarded on request to Rhode Island, Connecticut, Maryland, North Dakota, and Pennsylvania.

Suggestions for Bulletin Boards and similar activities have been requested by the American House, Cincinnati, and the Civic Cottage, Providence. The inquiries come from all parts of the country. Appeals from the State Federation of Women's Clubs in Washington, the Woman's Club in Muskegon, Mich., the Community Betterment Club at Stanley, N. Y.; requests for suggestions for Americanization legislation from Arizona; other requests from South Dakota, North Dakota, Montana, Ohio, and Indiana, give some idea of the scope of the work.

The Security League material is being used in Americanization courses in Normal Schools and Universities.

HEADS TRIO OF FINE ARTISTS TO GIVE TWO CONCERTS AT THE CHAUTAUQUA

Charles Edward Clarke, who heads The Charles Edward Clarke Company, to be heard at the Chautauqua, is one of those musicians who, while he has rare ability to interpret good music, has not been afflicted with what is commonly called "the artistic temperament." In addition to being a good singer, Mr. Clarke is a good human being. He likes folks, and he likes to mingle with them. From his first appearance upon the platform, he instantly strings the wires between himself and his hearers. Folks feel instinctively that here is a man who is using music as a vehicle for the expression of fine personality, of high ideals, and of splendid purpose. He sings his way into the hearts of his hearers with the first note, and he never fails to hold their appreciation and interest to the close of the program. His accompanying artists include his talented wife, Rachel Steinman Clarke, one of the best known violinists of the Chautauqua platform, and Mr. Earl Victor Pahl, a most competent pianist.

the latest requests coming from Normal Schools in Washington and Wisconsin. The League's "Americanization Service Manual" is in great demand and is being widely circulated.

The Security League's suggestion that the energies devoted to war work be now turned to Americanization, and that women's next task is to "make America American," has met with cordial response.

Besides advice by correspondence and office conferences, Miss Leighton has held conferences or made addresses on Americanization topics in Illinois, Maryland, Pennsylvania, Rhode Island, New Jersey, New York and Wisconsin.

The following is an example of the material circulated throughout the country in the Security League's "Americanization Advisory Service."

"Bolshevism means chaos, wholesale murder, the complete destruction of civilization. The Bolsheviks are merely our old conventional anarchists under a new name and the murder on a huge scale instead of potting a king now and then or exhibiting their unfriendliness to the law by safe-cracking and murdering for pleasure or for hire. The Bolsheviks of Russia and elsewhere are merely the criminal classes organized."—Gertrude Atherton, author and journalist.

"Bolshevism bears precisely the same relation to democracy that chaos does to order. Each is the antithesis of the other. Neither the man who works nor the man who has saved can expect any quarter from Bolshevism unless he accepts its doctrines that might make right and that the least competent shall organize government and set the pace for the State."—Dr. Nicholas Murray Butler, President of Columbia University.

"A region of terror, instituted by the Bolsheviks with the purpose of maintaining themselves in power, is prevailing in central and northern Russia. The outrages they have committed are incredible."—David R. Francis, U. S. Ambassador to Russia.

The Vanceburg Sun says: Monday night, a Mr. Ranfins of Maysville came up on No. 4 looking for his wife, whom he said he had located here with a fellow by the name of Sam May, who has been pulling off the religious stunts even to doing the preaching. A strange woman was here several days and they together had left on the West-bound train Monday. Communication was opened with Maysville police but Tuesday they were unable to locate the couple.

This same fellow May formerly lived here where he enjoyed the reputation of being the toughest character about. He has been doing some so-called preaching at Slate and Heinrich Chapel, and the question arises when such a well known character turns up why do those who have

the keys in charge turn them over to such as he. The cause of the Master will be promoted by compelling such persons to remain high privates in the rear rank.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:
"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

IT'S SURPRISING

That So Many Maysville People Fail to Recognize Kidney Weakness.

Are you a bad back victim? Suffer twinges; headaches, dizzy spells? Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do.

Kidney trouble needs kidney treatment.

Doan's Kidney Pills are for the kidneys only.

Have convinced Maysville people of their merit.

Here's a Maysville case; Maysville testimony.

Kidney sufferers hereabouts should read it.

Miss Dora Edgington, Wood St., says: "I have used Doan's Kidney Pills and from the results received, I have every reason to recommend them. At times my kidneys have become weak and have been irregular in action. My back has ached, too, and has been very weak and lame across my kidneys. When I have used Doan's Kidney Pills for this trouble, they have never failed to relieve the complaint in a short time. I gladly advise anyone to get a box of Doan's Kidney Pills at Chanslor's Drug Store, if troubled in that way."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Edgington had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

CHILD SWALLOWED POISON TABLETS

Poison in Medicine Caused Sudden Death of Little Manchester Child.

Manchester, Ohio, August 2.—One of the saddest affairs that has occurred in Manchester in recent years was the death of little Elmer McElroy Saturday.

The child's father, Elmer E. McElroy, was using some tablets for rheumatism, and in some way the child got hold of the box of tablets and ate several. He then told his mother that he had eaten all of them but one.

The medicine contained some kind of poison and the effects of the poison was felt immediately. Everything was done to save his life but to no success and he passed away in a few hours after he had eaten the tablets.

WATER COMPANY DIRECTORS HERE SUNDAY

RUGGLES CAMP CLOSING SUNDAY FOR THE SEASON

Important News Happenings at Popular Campmeeting Which Will Close Sunday.

Ruggles Campgrounds, August 1.—Miss Virginia Mae Hurd led the early prayer service this morning. These meetings for prayer in the quiet hours of the early morning are seasons of great refreshing for the worshippers. Thanksgiving and praise for the fine rain and delightful change of atmosphere was a prominent note in each prayer. Miss Hurd is an ideal leader for such a service. Everyone present felt the inspiration of the meeting.

At the morning preaching service Superintendent Davenport delivered a strong sermon. At 3 p. m. Rev. Mahaffey brought an inspirational message to the young people and children who were present in large numbers. It looked like a Sunday congregation. The subject of the address was "The Grasshopper, the Ant, the Spider and the Rabbit." The speaker based his message on a verse from the book of Proverbs in which the wisdom writer drew lessons of help from the characteristics of these insects and small animals. The speaker made a strong appeal to the boys and girls to give themselves while young to the Savior and become members of his church. Several came forward in response to the invitation given. Rev. Mahaffey gives his last talk Saturday morning. It being necessary for him to leave in the afternoon to meet his appointment at Shinkle church, Covington, Sunday. He will be held in high esteem by young and old alike for his splendid leadership of these meetings and for his kindly sociability while on the grounds.

If the taking of the census could have been put off until Saturday it would have gone over 450. Many belated campers have come today to remain over Sunday, some even paying rent for cottages for the full time just to stay in them two or three days.

There has been twenty ministers of the Methodist church present this year and one from the M. E. Church, South. This is a few less than last year which is accounted for by the fact of so many spending their vacation time at the Centenary at Columbus. Many others were put so far behind with their work by the influenza epidemic that they felt they couldn't spare the time to attend this year.

Rev. J. F. Ruggles of Somerset, Kentucky, was a caller in the camp for a few hours today.

President John Brodt of the Board of Directors is quietly celebrating his birthday anniversary today. Mine host Hamrick of the Campmeeting hotel entertained Mr. and Mrs. Brodt with one of the finest dinners. There isn't a camper but who will wish him many, many more such birthdays. INSTANT POSTUM**LOCAL WOMAN LEARNS OF BROTHER'S SACRIFICE**

Mrs. L. H. Veale, of This City, Today Learned For the First Time That a Brother Had Been Killed in Service in France.

Mrs. L. H. Veale, of Sutton street, has just learned that her brother, E. L. Salmon, of Indianapolis, Ind., was killed in the Meuse-Argonne sector on October 27th last. The delayed information came in a communication from the hero's wife which has just been received.

The official communication telling of the sacrifice of the young man, who was a native Kentuckian, is as follows:

"On October 27th, near Cunel in the Meuse-Argonne sector, Private Eliza M. Salmon was killed in the front lines where he was with his company. He was hit by a shell fragment and killed instantly. He had been with the company only two weeks."

W. R. CASTLE, A. R. C. "Private Eliza M. Salmon, Company B, 358th Infantry, killed October 27th, 1918. Buried in Commune Bantheville, Meuse, France."

"It is a matter of grief to me that word must go from my office to that sure to cause sorrow to people at home, whose brave men have made war's supreme sacrifice for the sake of civilization."

"You have probably already received some notice of the regrettable casualty that causes me to write to you; and, if so, it may be that you will derive some measure of comfort and satisfaction from the fact that the body you cherish has been buried as noted above."

CHARLES C. PIERCE, Lieut. Col. Q. M. C. U. S. A.

well in hand and expects by next year to make vast improvements along many lines in the campmeeting.

Mr. and Mrs. R. A. Brown of Akron, Ohio, are new additions to the campers, guests at the Dr. O'Bannon cottage. Mrs. Brown will be remembered as Miss Florence Kelly who up until twelve years ago was a frequent camper here. It will be her great pleasure to renewed old acquaintances.

Mrs. Will Boe and Mrs. Dave Lindsay of Lewisburg came over today to remain over Sunday.

Mr. George Seddon and family came today and will occupy the Seddon cottage over Sunday.

Mrs. R. P. Moody of Maysville, came out today to remain over the last Sunday.

Mr. and Mrs. H. O. Wood and Mr. Oscar Grigsby came from Maysville today to remain over Sunday.

Mr. and Mrs. Sam Carpenter will return home tomorrow.

Miss Opal Baugh another addition to our campers will remain over Sunday a guest of her sister, Mrs. B. E. McClure.

Mrs. A. K. Mattingly is here a guest of her sister, Mrs. B. C. Grigsby.

Miss Nannie May Kelly of Portsmouth, Ohio, arrived today to spend the last few days with Mrs. Fannie Kelly.

Mrs. Mollie Jolly of Maysville, is out to spend a few days.

Dr. Bunton preached his closing sermon this evening. He chose as his subject: "The Dynamic of the Moral World" preaching there from the climax of the series. It was Dr. Bunton's keen regret that he was compelled to leave at the close of this evening's service. He expressed his appreciation of the campmeeting, highly praising the high type of the services that have been carried on. It can be truthfully said that the series of sermons preached by Dr. Bunton have been the best ever given at Ruggles Campmeeting. It would be impossible for the writer to use terms of praise too high for the work done by Dr. Bunton for this campmeeting. The people here have had the opportunity to hear a really great preacher, an orator of the highest order, a progressive thinker abreast with the times, fearless in his attacks upon all manner of evil, whether it be in the realms of politics, society, or religion. Together with his great oratorical power he possesses a personality that wins for him the undivided attention of every person before him. A truly modern preacher ranking with the best of all denominations. A pastor whose services are being sought by the largest and strongest churches in Methodism. A man so vitally interested with the great issues of the day that his services and counsel is sought by men high in the world of politics, commerce, education as well as the ecclesiastical world. That Ruggles Campmeeting has had this privilege of hearing him nightly for over a week has certainly been the greatest feast of spiritual things ever enjoyed here. And it has only been through his great love for the campmeeting where in his early ministry he was wont to come yearly and to have active part in its management, that his services were secured for this year. It is the sincere hope of every one that his services may be secured again for next year.

DAYLIGHT SAVING LEFT TO WILSON'S PLEASURE

Senate Passes Measure Repealing It and Sends It On.

Washington, August 2.—The Senate today decided to have the proposal for repeal of the daylight saving law again run the gauntlet of President Wilson's veto. By a vote of 41 to 12 the Senate passed and sent to the President the separate House bill repealing the daylight saving measure.

During brief discussion of the House bill several senators predicted that the measure, like the daylight repeal rider on the agricultural appropriation bill, would be vetoed by the President. The separate House bill was suspended until today, and in the interim the President vetoed the rider and the House was unable to enact it over the veto.

The Senate's action now places virtually similar repeal legislation again before the President. The only difference in the vetoed rider and the separate bill is that the latter would not interfere with standard zones of time.

BIG STARS WILL SHINE AT THE PASTIME NEXT WEEK

PILES RELIEVED

Also Eczema, Salt Rheum, Ulcers, Old Sores and Carbuncles.

Under the influence of San Cura Ointment surprising improvement is made so quickly that it seems almost miraculous.

Stubborn cases of piles like those of Rev. W. F. Gilbert of Titusville, Pa., vanish before the marvelous antiseptic Ointment. Mr. Gilbert writes:

"For twenty years I suffered with bleeding and itching piles; at times I was confined to the house for more than a month. Two years ago I began using San Cura Ointment and one 60c jar made a firm and permanent cure. I have not been troubled since."

San Cura Ointment is guaranteed by J. Jas. Wood & Son, who is the agent in Maysville, to help any of the above named diseases or money back. It relieves pain from burns, cuts and bruises, draws out the poison and often heals in a short time. 30c, 60c and \$1.20 a jar at J. Jas. Wood & Son.

GOOD BABY SOAP

San Cura Soap is a healing and antiseptic soap; just the soothing kind that baby needs. It frees the pores from impurities and prevents rashes and other skin diseases. Fine for anyone's skin; banishes blackheads and pimples, clears the complexion. 25c a cake at J. Jas. Wood & Son.

If your druggist doesn't keep it send to the Thompson Medical Co., Titusville, Pa.

DIVORCE SUIT AFTERMATH OF WIFE'S RUNAWAY

John Forman Seeks Divorce From His Wife Who Ran Away With Carnival Man Last Spring—Charges Misconduct.

John Forman, Mason county man, filed suit in the Mason Circuit Court this afternoon asking for divorce from his wife, Lettie Forman, and charging her with serious misconduct.

He sets out in his petition that they were married in Maysville February 28, 1917, and as grounds for a divorce he charges his wife with such lewd and lascivious conduct as to prove her to be unchaste. He sets out also that in the spring of this year, his wife ran away from Maysville with a "gay Lothario" connected with one of the carnivals which visited this city and went to Newark, Ohio, with him.

A letter written by the wife to this carnival man was filed with the petition as an exhibit. The letter is a love letter inquiring why the man had not written her. In it she calls him her "baby boy" and takes up a part of the last page with marks representing kisses.

The husband asks for an absolute divorce, for the care, custody and education of their only child, Harry Forman, and for all general relief.
